Cedar Island Compost Toilet Project

Montana Fish, Wildlife & Parks (FWP), Region One, has completed a draft environmental assessment (EA) for Cedar Island (T24N, R20W, S27) Lake County, for the purpose of installing a self-contained compost toilet. Based on the analysis in the EA, FWP finds Alternative 2, which includes construction of a new handicapped-accessible campsite in Loop B and the replacement of the current vault toilet at the south end of the loop with a handicapped-accessible toilet, to be the preferred alternative.

There were no changes to the draft EA; therefore, the draft becomes the final EA. Copies of the record of decision are available at FWP headquarters, 490 N Meridian, Kalispell; Montana State Library, 1515 E 6th Ave., Helena; the Flathead County Library, 247 First Ave. E, Kalispell, and Polson City Library, 2 First Ave. E, Polson; and the FWP web site at fwp.state.mt.us.
